Reference: (a) OTC Letter CW67-5013, dated 26 May 1967
(b) OTC Letter CW66-2051, dated 11 March 1967

Gentlemen:

Thank you for your letter of 23 June 1967. We realize that the lapse in time is of concern to you. Normally this would not happen, but the overrun was not discovered until recently while we were reviewing our books on all work completed during 1966. As you are aware, all our accounting records are kept in [redacted] and it is apparent that lack of communication resulted in this oversight. 25X1A

The reason why the problems mentioned in Reference (a) were not covered in Reference (b) is that Reference (b) was an estimate to complete and it was not anticipated at that time that these problems would arise. The problems then occurred after Reference (b) had been submitted and approved.

Your efforts in resolving this matter will be greatly appreciated. We are sorry for any inconvenience this request may have caused.

For further information, please contact [redacted] Manager, Contract Administration. 25X1A
